BWC delivers billions of dollars, millions of masks for Ohio employers and workforce to mitigate COVID-19 impact

Latest: Governor Mike DeWine proposes $1.5 billion dividend for Ohio employers

- Ohio Governor Mike DeWine is asking the board for the Ohio Bureau of Workers’ Compensation (BWC) to send **up to $1.5 billion to Ohio employers this fall** to ease the impact of the coronavirus (COVID-19) on Ohio’s economy and business community.

- BWC’s board of directors will vote on this proposal Sept. 25.

- If approved, this is our second dividend of $1 billion or more since April and our third since 2019, all at the governor’s urging.
  - All told, this equals **$4.3 billion since 2019**.

- Checks could start going out in **late October**.

- This proposed dividend equals approximately **100% of the premiums employers paid in policy year 2019**.

- BWC will **apply the dividend to an employer’s outstanding balances first, including recent installment deferrals**. Any amounts exceeding outstanding balances will be sent to the employer. For those employers, it means one less bill to worry about.

- **Employers must complete their true up for the 2019** policy year by Oct. 2, 2020, in order to be eligible for the dividend.

- As in previous years, **the dividend is possible due to strong investment returns on employer premiums, a declining number of claims each year, and prudent fiscal management**. It’s also due to employers who work hard to improve workplace safety and reduce injury claims.

See below for details on BWC’s masks initiative, **Protecting Ohio’s Workforce — We’ve Got You Covered**.
Masks

- BWC’s Board of Directors voted Friday (Aug. 21) to approve Gov. DeWine’s request that we distribute a second round of face coverings (masks) to Ohio employers and their workforce as part of our Protecting Ohio’s Workforce — We’ve Got You Covered initiative.

- Since May, we have shipped 20.6 million masks to 197,000 employers under this initiative.
  - In a second round, we will ship approximately 23 million masks to employers to replace masks that have exhausted their effective use.

- This is to minimize the spread of COVID-19. As you know, state and federal public health experts say wearing a mask decreases the risk of a carrier spreading the coronavirus to others.

- We are not billing employers for these masks. This comes at no extra charge to their premiums.

- We are working hard to purchase as many of these masks as possible from manufacturers here in Ohio.
